Dear Colleague,

We are happy to invite you to actively participate in **Art&Archaeology2016**, the International Conference to be held in Jerusalem, December 2016. It follows our successful Jerusalem Conference ART2008.

The main objective of **Art&Archaeology2016** is to advance the frontiers of scientific knowledge connected with human cultural heritage. Heritage is our legacy from the past. It is our source for understanding the human mind, its capabilities and potential. Knowledge of the past influences our present day life and what we pass on to future generations.

Art&Archaeology2016 aims to bring together a range of scholars, specialists and experts in the fields of archaeology, art, history, preservation, restoration and reconstruction of museum or archaeological objects, cultural heritage, researchers of ancient structures and measurement scientists and technologists. Cultural heritage is characterized by time-spatial scales and a wide range of technologies are applied to understand and preserve our archaeological, historic and artistic patrimony.

The **Art&Archaeology2016** conference seeks to encourage communication between these disciplines, to provide a survey of present work in the field, and to stimulate discussions.

We believe that synergy between the experts will yield further developments, adaption and adoption of measurement methods to deal with challenges of culture heritage research. The knowledge to be gained will provide understanding in more depth and dimensions of the human genius.

We look forward to your participation in **Art&Archaeology2016**, enlightening us with your paper or poster presentation and enjoying the entertaining social and cultural events in Jerusalem and in Israel.

Jerusalem, the holy site of three great monotheistic religions, provides a unique atmosphere of a modern vibrant society living alongside the archaeology and historical sites since the time of King David. It guarantees to provide you with an unforgettable experience.

With best regards,
Prof. Amos Notea
Conference Chair

Major Themes

Ethical Perspectives; Values and Principles at Stake

- Implementation of integrated strategies satisfying conservation code of practice and research code of ethics
- Public display, conservation treatment and scientific research, is it safe? Impact of handling on integrity of cultural heritage
- Measurements and calculations; dealing with margins of error and contamination problems

Non Invasive Spectroscopic Research and Analysis

- Re-constructing the evidence: studies of historical objects
- Non-invasive preservation monitoring, new developments and applications
- Spectroscopic techniques as a conservation treatment tool in art and archaeology

Microarchaeology

- Re-constructing the evidence: studies in archaeology
- On-site sampling and analysis
- Archaeometry and microanalyses

Authentication vs. Detection of Forgery

- Scientific examination of evidence of manufacture, use and provenance
- Complementary and comparative micro-analytical techniques refining interpretation of the past
- Museology; identifying and determining historical values proving authenticity

Digital Imaging and Computer Science

- Digital applications in conservation of art and archaeology
- Reconstructing the evidence in art and archaeology using advanced digital techniques
- Contactless scanning of objects; morphometric measurements

In addition, papers on biblical-related archaeological findings and archaeology in the Holy Land are welcome.

Abstract Submission:

Papers can deal with both analytical and methodological approaches to gaining knowledge, implementation, and case studies.

All submissions must be written in English, the official language of the Conference.

Abstracts of approximately 300 words should be sent by email by June 30, 2016 at the latest to: confer@isas.co.il

The abstracts should include authors' names, addresses and email. No pictures, tables or references.

All abstracts will be acknowledged and authors will be notified of the reviewers' comments.

Only fully registered participants will have their abstracts published.

Venue

Crowne Plaza Hotel, Jerusalem

Language

The official Conference language is English.

Contributions

Contributions may take the form of invited lectures, oral presentations, or posters. Participants interested in presenting are invited to email their abstract(s) to: confer@isas.co.il
